

This Earth Month, lower your carbon footprint by making your home more energy efficient!

Energy efficiency isn't just good for the environment, it's good for your wallet. That's because the more energy efficient your home is, the more you can save on your energy bills. The Virginia Natural Gas Energy Efficiency Program offers rebates on newly installed, high-efficiency natural gas equipment, free energy-saving kits and a weatherization program for income-qualified households.

Free Energy-Savings Kit Options
