

Pipeline Replacement Project

Project map, affected streets highlighted in red

Calhoun SAVE Project

Virginia Natural Gas provides safe and reliable natural gas service to more than 300,000 customers across southeastern Virginia. To ensure that safety and reliability are maintained, we have already made significant enhancements to portions of our natural gas distribution system and we plan to continue by replacing more than 200 miles of older, aging underground infrastructure with new, more modern pipes in coming years.

The work in your neighborhood is part of the company's natural gas infrastructure modernization program known as SAVE (Steps in Advancing Virginia's Energy Plan). This program allows us to make necessary upgrades to our natural gas pipeline system while supporting the local economy by providing jobs and reducing emissions.

As part of this project, we will replace aging mains and services, which may have developed leaks or become damaged over time due to road projects or age. The older pipe will be replaced with new polyethylene plastic that is less expensive to maintain and more durable. Perhaps best of all, we're ensuring families and business owners have ready access to America's most abundant, environmentally friendly fuel ... today and tomorrow.

City affected - Hampton

Streets affected

Barron St	Kings Point Dr
Boxwood St	Magnolia Pl
Calhoun St	Mercury Blvd
Cypress St	Myrtle St
Garland St	Oakland Ave
Gayle St	Old Point Ave
Graham-Heights Rd	Pembroke Ave
Halifax Ave	Pirates Cove
Holly St	Southerland Dr
Juniper St	Stonehurst Rd
Kimberly Ave	Theodore St
Kings Landing Ln	Whitehouse St

Project scope

- Installation of:
- 306 Services
 - 15,906' of 2" plastic
 - 3,732' of 6" plastic
 - 6,610' of 8" plastic

Our commitment

We understand your time is valuable, so we take great care in implementing construction practices that limit disturbances to homeowners and businesses. We appreciate your patience and understanding as we work to complete this important work.
