

GLENDALE SAVE

Newport News project map, affected streets highlighted in blue

The work in your neighborhood is part of the **Steps to Advance Virginia's Energy (SAVE)** program, our company's modernization initiative aimed at renewing our existing natural gas infrastructure. During this project, we will replace aging, older pipes with new pipes that are more durable, reduce methane emissions and are less expensive to maintain.

Our construction process is completed in the following phases:

Use the QR code provided to learn more and view additional information about our **SAVE** program including:

- **Construction Process Fact Sheet** that provides more details about the phases of construction.
- **Informative video** detailing the purpose of SAVE and the positive impacts of our work.
- **Construction site safety reminders** for ensuring you and your loved ones remain safe around any active construction sites.
- **Utility line color coding information** to help you identify the markings in your yard.
- **Frequently Asked Questions** document with answers to the most common questions about SAVE and our projects.
