

Pipeline Replacement Project

Project map, affected streets highlighted in red (above)

Churchill SAVE Project

Virginia Natural Gas provides safe and reliable natural gas service to more than 300,000 customers across southeastern Virginia. To ensure that safety and reliability are maintained, we have already made significant enhancements to portions of our natural gas distribution system and we plan to continue by replacing more than 200 miles of older, aging underground infrastructure with new, more modern pipes in coming years.

The work in your neighborhood is part of the company's natural gas infrastructure modernization program known as SAVE (Steps in Advancing Virginia's Energy Plan). This program allows us to make necessary upgrades to our natural gas pipeline system costs, while supporting the local economy by providing jobs and reducing emission.

As part of this project, we will replace aging mains and services, which may have developed leaks or become damaged over time due to road projects or age. The older pipe will be replaced with new polyethylene plastic that is less expensive to maintain and more durable. Perhaps best of all, we're ensuring families and business owners have ready access to America's most abundant, environmentally friendly fuel ... today and tomorrow.

City affected - Hampton

Streets affected

Berkshire Ter	Londonshire Ter
Bond St	Marie Cir
Bristol Ct	Northampton Dr
Churchill Ter	Patrician Dr
Cynthia Dr	Stonewall Ter
Dorsetshire Ter	Thames Dr
Dulcy Ct	Wales
Dunshire Ter	Weymouth Ter
Headrow Ter	Wimbledon Ter
James Ter	Winchester Dr
Lancaster Ter	Yorkshire Ter
Leeds Ter	
Leicester Ter	

Project scope

Installation of:

- 834 Services
- 35,973' of 2" plastic
- 4,396' of 4" plastic

Our commitment

We understand your time is valuable, so we take great care in implementing construction practices that limit disturbances to homeowners and businesses. We appreciate your patience and understanding as we work to complete this important work.
